## BROCHURE

**Course Team**  
**Mr. A. Simhachalam**  
**Mr. S.K. Ghosh**

**LAST DATE OF RECEIVING NOMINATIONS**  
**July 28, 2017**

**NATIONAL INSTITUTE OF RURAL DEVELOPMENT &  
PANCHAYATI RAJ  
NORTH EASTERN REGIONAL CENTRE  
NIRD LANE, NH-37  
KHANAPARA, GUWAHATI - 781 022**

## NEED

Rural Road Connectivity, and its sustained availability, is a key component of Rural Development as it assures continuing access to economic and social services and thereby generates sustained increase in agricultural incomes and productive employment opportunities. It is also as a result, a vital ingredient in ensuring sustainable poverty reduction which demands a permanent rural connectivity, encompassing a high level of quality of construction followed by continuous post-construction maintenance of the road asset and in fact of the entire network.

With the objective of providing rural connectivity, Government of India had launched the Pradhan Mantri Gram Sadak Yojana (referred as PMGSY-I hereinafter) on 25th December, 2000 to provide all-weather access to eligible unconnected habitations as a strategy for poverty alleviation. However, as the programme unfolded, a dire need to consolidate the entire rural roads network by upgradation of selected Through Routes and some Major Rural Links (MRLs) was felt and accordingly a new intervention has been evolved, namely PMGSY-II.

The Effective monitoring of the Programme being critical, the State Governments will ensure that the officials are prompt in sending the requisite reports / information to the SRRDA as well as the NRRDA. The On-line Management, Monitoring and Accounting System (OMMAS), developed for the purpose will be the chief mechanism for monitoring the Programme. To this end, the officials are required to furnish, 'On-line', all the data and information, as may be prescribed by the NRRDA from time to time, in the relevant module of the OMMAS.

The implementation of projects under PMGSY-II will be monitored through Regional Review

Meetings, Empowered Committee Meetings, periodic reports on OMMAS etc. The web based OMMAS would be a transaction based management system in order to monitor the projects on a continuous basis. OMMAS would enable PMGSY-II become a paperless management programme, and regular updation of OMMAS data by the implementing agency would be the pre-requisite for holding Empowered Committee Meeting as OMMAS would function as a decision support system.

In view of this, a two day Training Course is proposed, which aims at exposing the participants on OMMAS-2 for day to day monitoring of the PMGSY Projects

## PROGRAMME OBJECTIVES

- To familiarize the modules of OMMAS Version-2.
- To impart practical orientation on Modules of OMMAS.
- To expose in details report generation in term of physical and financial progress in PMGSY.
- To discuss the technical issues in OMMAS.

## PROGRAMME CONTENT

The Programme would cover the modules of Online Management, Monitoring and Accounting System developed by CDAC for day to day monitoring of the PMGSY Projects fund flow, utilization and progress of the works done.

## TRAINING METHODOLOGY

Both in-house presentation, discussion as well as field practice would constitute the methodology of delivering training inputs. Faculty from NIRDPR-NERC and also experts from outside would be invited to act as resource persons.

## PARTICIPANTS LEVEL

Officials and Engineers from PMGSY.

## COURSE DIRECTORS:

Shri A. Simhachalam  
Shri S.K. Ghosh

## SCHEDULED DATES AND DURATION

August 3-4, 2017 (Two days)

## COURSE FEE

There is no fee.

## BOARD & LODGING

Free board and lodging will be provided to all participants in the Institute's Guest House.

## TRAVEL

Travelling expenditure of the participants including local conveyance will have to be borne by the **nominating** authorities.

## VENUE

National Institute of Rural Development  
North Eastern Regional Centre  
Jawaharnagar, Khanapara, Guwahati-781022  
Phone: 0361-2302721/2304790  
Fax: 0361-2302570
