NEED

The Sustainable Development Goals (SDGs) known as "Transforming our World the 2030 Agenda for Sustainable Development" are a new sets of 17 universal goals, targets and indicators that 193 countries in the world have jointly set to end poverty, protect the planet and ensure prosperity for all on September 25th 2015. The Government of India has also worked out the activity mapping of each goal to be achieved and which will guide the policy and funding for the next 13 years. These goals are universal in nature but the implications and intervention possibilities are local. Hence, the PRIs have a crucial role to play in achieving the SDGs. Many SDGs and targets are within the purview of the subjects devolved to the PRIs. And the as per the Article 243G (a) the panchayat is authorized to prepare the plans for economic, development and social justice; (b) implement of schemes for economic development and social justice as may be entrusted to them including those in relation to the matters listed in the Eleventh Schedule.

The MoPR with KILA and UNDP has identified 10 out of the 17 SDGs which are of direct relevance to the GP and where the GPs need to play a pro-active role in meeting the goals. Since GPs across the country are preparing Gram Panchayat Development Plans (GPDP), this presents an opportunity for the GPs to synchronize their plans with SDGs. Hence, resources from various Central and State sponsored schemes and Grant-in-aid of FFC need to be leveraged and converged at the GP level.

Therefore, for the planning and implementation of SDGs, the PRIs representative and functionaries have to possess the relevant skills, competence and sensitivities which would enable the PRIs to contribute towards meeting the SDGs

THEME:

- Introduction to Sustainable Development Goal and Targets
- Introduction to concept & methodology of participatory GPDP
- Interdepartmental Mapping of SDGs
- Inter-departmental coordination and convergence
- Integration of SDGs with RD programmes
- Integration of SDGs with other Department Development Programmes
- Integration of SDGs and PRIs under GPDP
- Role of Officers and Elected Representative in Interdepartmental Coordination
- Participatory Convergent Planning with a focus on SDGs
- Localisation of SDGs and role of State Level Department & District Level Officers
- Budgeting SDGs
- Field Visit

OBJECTIVES:

- To orient the participants towards Sustainable development Goals and Targets
- To impart information about various roles and responsibilities of elected representatives and functionaries
- To acquaint the participants with various guidelines/salient features of RD & PR Programmes
- To share the usage of the new tools and technologies for management of RD & PR Programmes

OUTCOMES EXPECTED :

- The training would relevantly build the capacity of the participants in order to train the respective PRIs members and functionaries.

- This would also support and guide them to plan and implement the programmes to achieve the SDGs.
- The training would also enable the participants to make the PRIs members and functionaries well-equipped with the latest tools and technologies.

TARGET STAKEHOLDERS: Newly Elected Women Representatives of ZPs of Assam & Manipur

COURSE DIRECTOR(S)

**Dr. M K Shrivastava (9401234467)
Dr. R.M. Pant**
